InnoTrans 2020
22–25 SEPTEMBER • BERLIN
International Trade Fair for Transport Technology

THE FUTURE OF MOBILITY
This industry summit serves as a trend platform and growth engine. InnoTrans 2018 raised the bar with an exhibition site covering 200,000 sqm (gross) and more than 3,000 international exhibitors showcasing their products and services to over 150,000 trade visitors from all over the world.

The industry meets again in Berlin on 22–25 September 2020 when the stage is set for the future of mobility!
OUTDOOR DISPLAY

Railbound vehicles for public and freight transport | Roadrail vehicles | Signalling systems | Buses, charging systems and electromobility | And more

Bumper to bumper: InnoTrans presents the next generation of rail vehicles on the world’s most unique Outdoor Display with over 3,500 metres of track. The Bus Display features innovative electric buses in action and offers a glimpse of future passenger transport along with state-of-the-art charging infrastructure systems.

NEXT STOP: INNOVATION

116,027 sqm of exhibition space (net)

145 rail vehicles

10 electric buses

Bus Display incl. 500 m Demonstration Course
As versatile as InnoTrans itself, the Railway Technology segment is one of the trade fair’s innovation centres with a focus on efficient transportation. This is where new technological standards will be set again in 2020.
Regional and international experts have set their sights on the future. Mobility infrastructure is a key economic factor and an important criterion for quality of life. InnoTrans provides an ideal setting with an international network for knowledge sharing and innovations destined to move the world.

**RAILWAY INFRASTRUCTURE**

Construction work | Signalling and control systems | Planning and monitoring of construction works | Overhead line equipment | And more

**NETWORKING FOR NEW CONNECTIONS**

Origin of trade visitors
Versatile and future-proof: InnoTrans showcases the latest-generation information technologies in the age of AI and Big Data. This is where specially-designed systems for ticketing, passenger information, management and data processing come together with consulting support and visionary services.
MOBILITY THAT MAKES A BIG IMPRESSION

Get on board and feel right at home. InnoTrans exhibitors set the standards when it comes to vehicle equipment, design, convenience and safety – with exclusive Travel Catering & Comfort Services. After all, the inner values are what really count.
The stage is set for extraordinary construction projects and pioneering technologies. And the spotlight is on high-end tunnelling. This is where engineers, experts and decision-makers from the international tunnel industry get together for an interdisciplinary dialog.
INVITATION TO NETWORK
AT EYE LEVEL

Networked know-how. The InnoTrans Convention combines trendsetting mobility visions with in-depth panel discussions and highest-level knowledge sharing. Where international decision-makers from the business, transport and political communities come face-to-face with innovative research and development.
INDUSTRY PANEL #1

Speakers’ Corner: One hour – one exhibitor

InnoTrans exhibitors have an exclusive opportunity to present their company, products and industry news to an international trade audience.

InnoTrans Campus – Your. Future.

A perfect entry point for students and young professionals, the InnoTrans Campus in Hall 21e is dedicated to promoting young talent. It unites the RecruitingLAB, Jobwall and Talent Stage under one roof with numerous perspectives in the fields of railway technology and public transport.
